Series Editors: Ana Cortés Lagos, Soledad Montes Sanchez,
and Flavia Sordi

Series Associate Editors: María de los Ángeles Chimenti,
and Hairenik Aramayo

The Latin American Section of the International Exchanges on the Study of Writing book series publishes peer-reviewed books about writing, writers, teaching with writing, and scholarly writing practices from Latin American perspectives. It also offers re-editions of recognized peer-reviewed books originally published in the region. The goal of this section of the International Exchanges series is to provide open access to the thriving scholarly production of Latin America and to build bridges for equal exchanges between this scholarship and other traditions worldwide.

The WAC Clearinghouse and University Press of Colorado are collaborating so that these books will be widely available through free digital distribution and low-cost print editions. The publishers and the series editors are committed to the principle that knowledge should freely circulate and have embraced the use of technology to support open access to scholarly work.
